SUBJECT: <del>DISAT</del> Operational CATIDE UTILITY Suspicious of KURARK			ABSTRACT	
ACTION REQUIRED - REFERENCES			MICROFILM	

Ref.: EOMA-63738 (NOT TO BODY)

The following information given to us by Brock will be of interest to you:

A. Erhard will not see UTILITY and latter is also having difficulty seeing Westrick.

B. UTILITY remains acutely suspicious of KURARK and is convinced that KURARK is out to get him. One of his main grievances is his belief that some of our people in Bonn, especially [REDACTED] are passing derogatory information to the newspapers about him. Brock said that UTILITY is especially suspicious of [REDACTED] contact with Jakob Stahle and Carl Flick-Steger. Said he suspected that Wolter (Langendorf) was responsible for whispering stories about [REDACTED] UTILITY's car.

C. Senior CATIDE personnel are jockeying for positions and looking out for their futures when UTILITY leaves.

D. Certain foreign services have involved themselves in the question of UTILITY's eventual successor. The French particularly are trying to get a man in as successor who will be well-disposed towards them. Brock could not identify any specific candidate the French are sponsoring. The British are also active but Brock specified only their efforts at cultivating Salm (Wendt). This is done by [REDACTED] everytime he visits Bonn.
